

Notes :

1 Db single-leg heel raise w/shoes

Sets: 4 Reps: 6 Weight: 10kg Freq: 2 x weekly Other: 2 sets straight knee 2 sets bent knee

This variant requires wearing shoes.
 Hold a dumbbell in your hand on the same side as your working leg.
 Stand near a counter, which you can use if necessary to help you keep your balance.
 Stand on one leg.
 Keeping the support leg straight, stand on your tiptoes.
 Slowly come back down and repeat.

2 Single leg calf raise in running stance

Sets: 1 Reps: 20 Freq: 2 x weekly Other: quick rebound

Lean against the wall on your forearms with one leg up, thigh parallel to the ground.
 The support foot should be pointing directly forward and you should be at a 30° angle from the wall.
 Raise on the tip of your toes.
 Lower and repeat.

3 Calves strengthening

Sets: 2 Reps: 10 Freq: 2 x weekly Tempo: slow

Stand with both legs on a stair or small step next to a chair or table to hold on to.
 Come onto the balls of the feet without bending the knee.
 Slowly drop back down by lowering the heel as far down as possible and repeat.
 Make sure to work through all the range of motion.
 Keep the feet neutral.

4 Star balance tap

Sets: 1 Reps: 10-20 Freq: 2 x weekly Other: do just the Y shape taps or just backward taps as we practiced in clinic

Stand on one leg in the center of a star pattern (you can make a star pattern with tape, or simply imagine a star on the floor).
 Reach with your free foot in all the directions of the star as far as you can, while maintaining your balance.
 Come back to the center after every reach.

5 Calf stretch

Reps: 1 Freq: 2 x daily Duration: 30-60 seconds Other: Definitely do first thing a few times

Stand and place one foot against the wall.
 Place the other leg behind with your heel on the ground, foot parallel to the front one and knee straight.
 Keep the torso upright and push the hips forward to feel a stretch in the calf.
