

Introduction

Service and Warranty Booklet

The Service and Warranty Booklet belongs to your vehicle and should therefore remain with the vehicle when you sell it on.

It contains the applicable warranty conditions for your Vauxhall, documentation on the service and maintenance work carried out and work done by Vauxhall Assistance in the event of a breakdown.

Please have this booklet with you whenever you bring your vehicle for maintenance to the workshop. Proof of all service checks and work carried out in accordance with the work specifications is required if any warranty claims are to be met and is advantageous when selling on the vehicle.

Our service staff work with the most modern workshop and diagnostics devices and are familiar with the specific service requirements of our Vauxhall vehicles. In addition, we always keep our technical equipment fully up to date in our workshops.

Therefore, we recommend that you use Vauxhall original parts and accessories and ensure that they are fitted correctly by a Vauxhall Authorised Repairer.

Vauxhall reserves the exclusive right to modify or supplement this Service and Warranty Booklet.

Vehicle data / pre-delivery inspection

Pre-delivery inspection and vehicle delivery

Before delivering the vehicle, we carried out a thorough pre-delivery inspection in order to ensure that your Vauxhall vehicle is in proper operating condition.

We have provided you with information on the service intervals, engine oil changes, required oil level checks and handed over the pre-delivery inspection checklist.

Service confirmation

The servicing carried out is documented on the following pages.

A service should be carried out whenever the service display indicates it but not later than according to service intervals mentioned in the Owner's Manual.

Please see Owner's Manual for permitted engine oil qualities and engine oil viscosities.

The work is marked with yes or no

Yes = was exchanged or replaced
No = no exchange necessary

Note
Predefined details must not be altered.
